

Press Release

Minisoft announces new partnership with Manhattan Associates.

Snohomish, WA, November 30, 2009: Minisoft announced today that it will partner with Manhattan Associates to promote and market the eFORMz, eDIRECT and DataDirect document management solutions to Manhattan Associates customers and prospects.

By using eFORMz, Manhattan clients can save money by eliminating all pre-printed forms. eFORMz can be used to generate packing lists, shipping labels, invoices, purchase orders, gift certificates, checks and much more. Save on postage by emailing order acknowledgements, back order notifications, and special offers all in high quality PDF or HTML formats. Use the eFORMz "Smart Form Technology" to develop customized or specialized forms. Add graphics, incorporate special comments, or just change how data is displayed on the form to enhance the customer experience.

Minisoft will be demonstrating the power and flexibility of the eFORMz document management solutions at the Manhattan Associates 2010 Momentum Users Conference May 2-5 in Hollywood, Florida.
