- **Eliminates the cost of 3rd party document storage facilities**
- **Simplifies your IT Infrastructure with a scalable cloud platform that leverages your investment in QAD**
- **Quickly expand to advanced DocLib features such as Workflow and Advanced Document Capture (OCR)**

### DOCLIB Cloud—CLOUD BASED EDM SOLUTION

DocLib is now available in the cloud through our Software as a Service (SaaS) deployment. DocLib Cloud enables users to greatly reduce their reliance on paper and make key documents instantly available to the entire enterprise. DocLib Cloud requires no upfront capital investment and the time to implement is significantly reduced. By choosing DocLib Cloud, IT Infrastructure investment is eliminated.

### WHY DOCLIB CLOUD?

DocLib Cloud offers customers the ability to get up and running quickly without capital investment. Advanced features such as Document Scanning, Reports, etc. can be easily added providing a clear path for growth.

### eFORMz & QAD INTEGRATION

DocLib Cloud was developed specifically for QAD users and is directly integrated with Minisoft's eFORMz providing instant access to documents from within the QAD User Interface and QAD Browses. Our integration with eFORMz enables QAD users to automatically store any business forms created from QAD including Customer Invoices, Sales Order Confirmations and other forms into a secure database allowing access to documents throughout the entire enterprise with no customization required.

### DOCUMENT SCANNING

DocLib Cloud provides customers the ability to scan a variety of business documents that are integral to their current business processes including Customer Purchase Orders, Shipping documents, Packing Lists and more.
