Make Money

eFORMz features micro-targeting capabilities that enable each **eFlex** laser form to be completely dynamic and variable. With **eFORMz**, every customer order can be printed with targeted offers and/or promotions. These offers can be based on a customer's buying history or stated preferences. **eFORMz** ensures your customers are offered only the products and services they are interested in.

Since 1983, Minisoft has been delivering forms automation and document management tools to improve organizational performance and operational efficiencies.
