FOR MORE THAN PACKING LISTS

## eFORMz HIGHLIGHTS

Use eFORMz to produce a variety of customer-facing documents such as packing lists/collates, shipping labels, 1D/2D/QR barcodes, invoices, purchase orders, customs documentation, checks, bills of lading and more.

**Customizable**  
eFORMz is one tool that can be used to solve a wide range of business challenges. Use eFORMz "conditional logic" to develop smart forms that can actually make decisions based on an incoming data or print stream.

**Integration**  
eFORMz integrates with any WMS, ERP, eCommerce or Order Management system. eFORMz can capture print output from any of these systems and format it.

**Process Management**  
eFORMz extends existing business processes. eFORMz can eliminate any pre-printed form, merge data streams to create specialized documents, and automate the generation of forms and labels.

## ABOUT eFORMz

Minisoft's eFORMz is a powerful forms and label generation solution for formatting, personalizing and delivering application output. eFORMz takes standard print output from a software application system and transforms it into attractive, functional forms that can be distributed via print, email, or sent to an archive provider.

# Product Features

## Application Support

Dynamics AX, Dynamics NAV, Epicor, HighJump, IBM Sterling Commerce, Infor SX.e, Infor AX, JDA, Manhattan Associates, NetSuite, Oracle JDE, QAD, SAP, Dynamics 365, CGS BlueCherry ERP, Generix Group, Aptean & more

## General Features

Global Variables

Text to XML pre-processor

Load Images- JPG, PNG, BMP, TIFF, GIF, PRN

PDF Forms Fill-In

Digital Signature Capture

MICR-Checks

Language Translation

Rules-Based Decision Making and Conditional Logic

Multi-byte Character Support  
Japanese, Chinese, Korean,  
Eastern European, Arabic

## Input

XML, ZPL, PDF, RTF, TXT, PCL, JSON

## Printer Support

AFPDS, Datamax DPL, Epson ESC/POS, Intermec IPL, Intermec Fingerprint, PCL, PostScript, Printronix PGL, Sato SBPL, Toshiba TPCL, Zebra ZPL, Zebra EPL

## Output

Collate/Uncollate Output

Duplex Print

Multiple Printer Trays

Print to Any Page Size  
Custom, A5, A4, A3, Executive, Monarch, Letter, Com-10, Legal, DL, Ledger, B5, C5

Output as Email, PDF, HTML, XML, ZPL/EPL, JSON, Fax, Archive or Print

## Integration

Read/Write to Database, SQL, Oracle, SAP-HANA, Progress, DB2, MYSQL & more

Integration With MS Sharepoint, FileNet, OpenText, DocLib, DocuWare

Third-Party Shipping Solution Integration, including Pacejet, Malvern, Proship, ShipStation, Worldship, FedEx Ship Manager, Agile, Connectship, Kewell, MetaPack, ADSI, Pitney Bowes, SendFX, ShipWorks, Newgistics & more

## Supported Barcodes & Fonts

1D, 2D & QR Barcode Creation  
3 of 9, 3 of 9 EXT, 2 of 5, JAN 8, JAN 13, CODABAR, CODE 11, CODE 128, EAN 8, EAN 13, MSI, UPCA, UPCE, POSTNET, USER-DEFINED, INTELLIGENT MAIL. MaxiCode, Aztec, Data Matrix, PDF417, Quick Response (QR), RFID, GS1, UCC128/MH10

### Special Fonts:

MICR13B, MICRCM7, OCRA, Secure Amount
