

## SendFX<sup>®</sup>

Automated  
multicarrier shipping

## Touch Manifest<sup>®</sup>

Universal ship station  
interface

## Shipping Execution Platform

## Seller Marketplace Connectivity

SendFX features online seller marketplace connectors for retailers drop shipping for Amazon Prime, Walmart Marketplace, Walmart DSV, eBay, Overstock, Wayfair, Rakuten, Pricefalls, Groupon, Newegg and more.

## Ship Smarter. Sell More.

Eliminate traditional ship stations and multiple logins. Use SendFx to setup an automated shipment process based on business rules you define for shipping packages. SendFX communicates directly to the carrier through API calls to retrieve the appropriate shipping label. SendFX includes support for a variety of popular carriers including FedEx, UPS, USPS, DHL, Canada Post, Pitney Bowes, EasyPost and more.

## ⚡ Supercharge shipping ⚡

### INTEGRATE

Integrate with any  
ERP, OMS or WMS

### ACCESS

Access any parcel  
carrier or service

### GENERATE

Generate any label,  
document, EDI  
ASN, email, SMS  
message & more

### DEPLOY

Deploy on premise  
or in the cloud

## SendFX<sup>®</sup>

Support any fulfillment workflow and shipment processing

### Automated Shipment Processing

Use SendFX to automatically ship orders without the need for traditional shipping stations. If you have your packages' weights and dimensions, SendFX can process your orders based on business rules you set up to decide which carrier to use for a particular shipment.

## Touch Manifest<sup>®</sup>

Extends SendFX functionality to support attended ship station applications

### Universal Shipment Interface

Easily access all your shipping carriers from a single user interface. Get real-time carrier rates to find the optimum way to ship your outgoing packages. Avoid failed deliveries using TouchManifest's global address validation. Improve the customer experience by including hassle-free return labels with each shipment.

## Seller Marketplace CONNECTIVITY

Online seller marketplace connectors to support dropshipping

### Online Seller Marketplace Connectivity

Use SendFX to automate order fulfillment with your marketplace partners. All ecommerce orders are captured through API calls and imported directly into your WMS, ERP or order management systems. SendFX can update the marketplace seller with order tracking information and real-time inventory availability.
